

GOT TOYS ???

Did You Know?

In Africa, when a parent gets sick, the **WHOLE** family stays at the hospital *for days, weeks or months*...And while parents are being cared for, their children wait ... *idly* ... passing the time sitting in fields, playing in dirt, counting pebbles...*for days, weeks, months*.

Please Help Me Help These Children

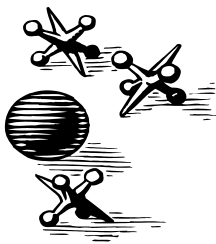

I am collecting new or gently-used toys to send to the children at the Partners In Health hospital in Malawi, Africa. Your donations will improve the long, sad, empty time that these children spend there. The toys will be shipped by Afya, a local organization that sends medical equipment to Africa. (www.AfyaFoundation.org).

What Can You Donate?

New or gently-used Jump Ropes, Frisbees, Jacks, Marbles, Balls Of All Sorts, Matchbox Cars, Hacky Sacks, Crayons, Coloring Books.

How Can You Donate?

Small donations can be left in the "AFYA" box in Mrs. Downs' Room (Room #). For larger donations, call me and I will arrange a pick-up or drop-off with you.

Thanks for Making a Difference!

Claire
